Original Building — 1925

The yearbook staff chose growth as the theme for the '85 Chief. Growth is evident as one leafs through the pages of this yearbook. We feel that Anacoco High School has grown in many areas. The school facilities were increased and improved as pictured on these pages. Academic programs, the student body, finances, extra curricular activities, and the number of school employees have increased dramatically.

The oldest building on the school campus was the masonry, three story structure, completed in 1925. In 1954, a lunchroom was added to the west end of the building. The opening year for the new gymnasium was 1949. A lobby was added to the gym in 1967. Plans for the school campus were drastically altered in 1962. The second and third floors of the original building were torn down in 1962. The ground floor was converted into an auditorium and music department.

The size of the student body grew rapidly beginning in 1962 when the present high school building was opened. Additional classrooms for the elementary school were constructed in 1970 and 1975. Lack of space is still a pressing problem in 1985. A new high school, gym and lunchroom complex are just a few of the additions this year.

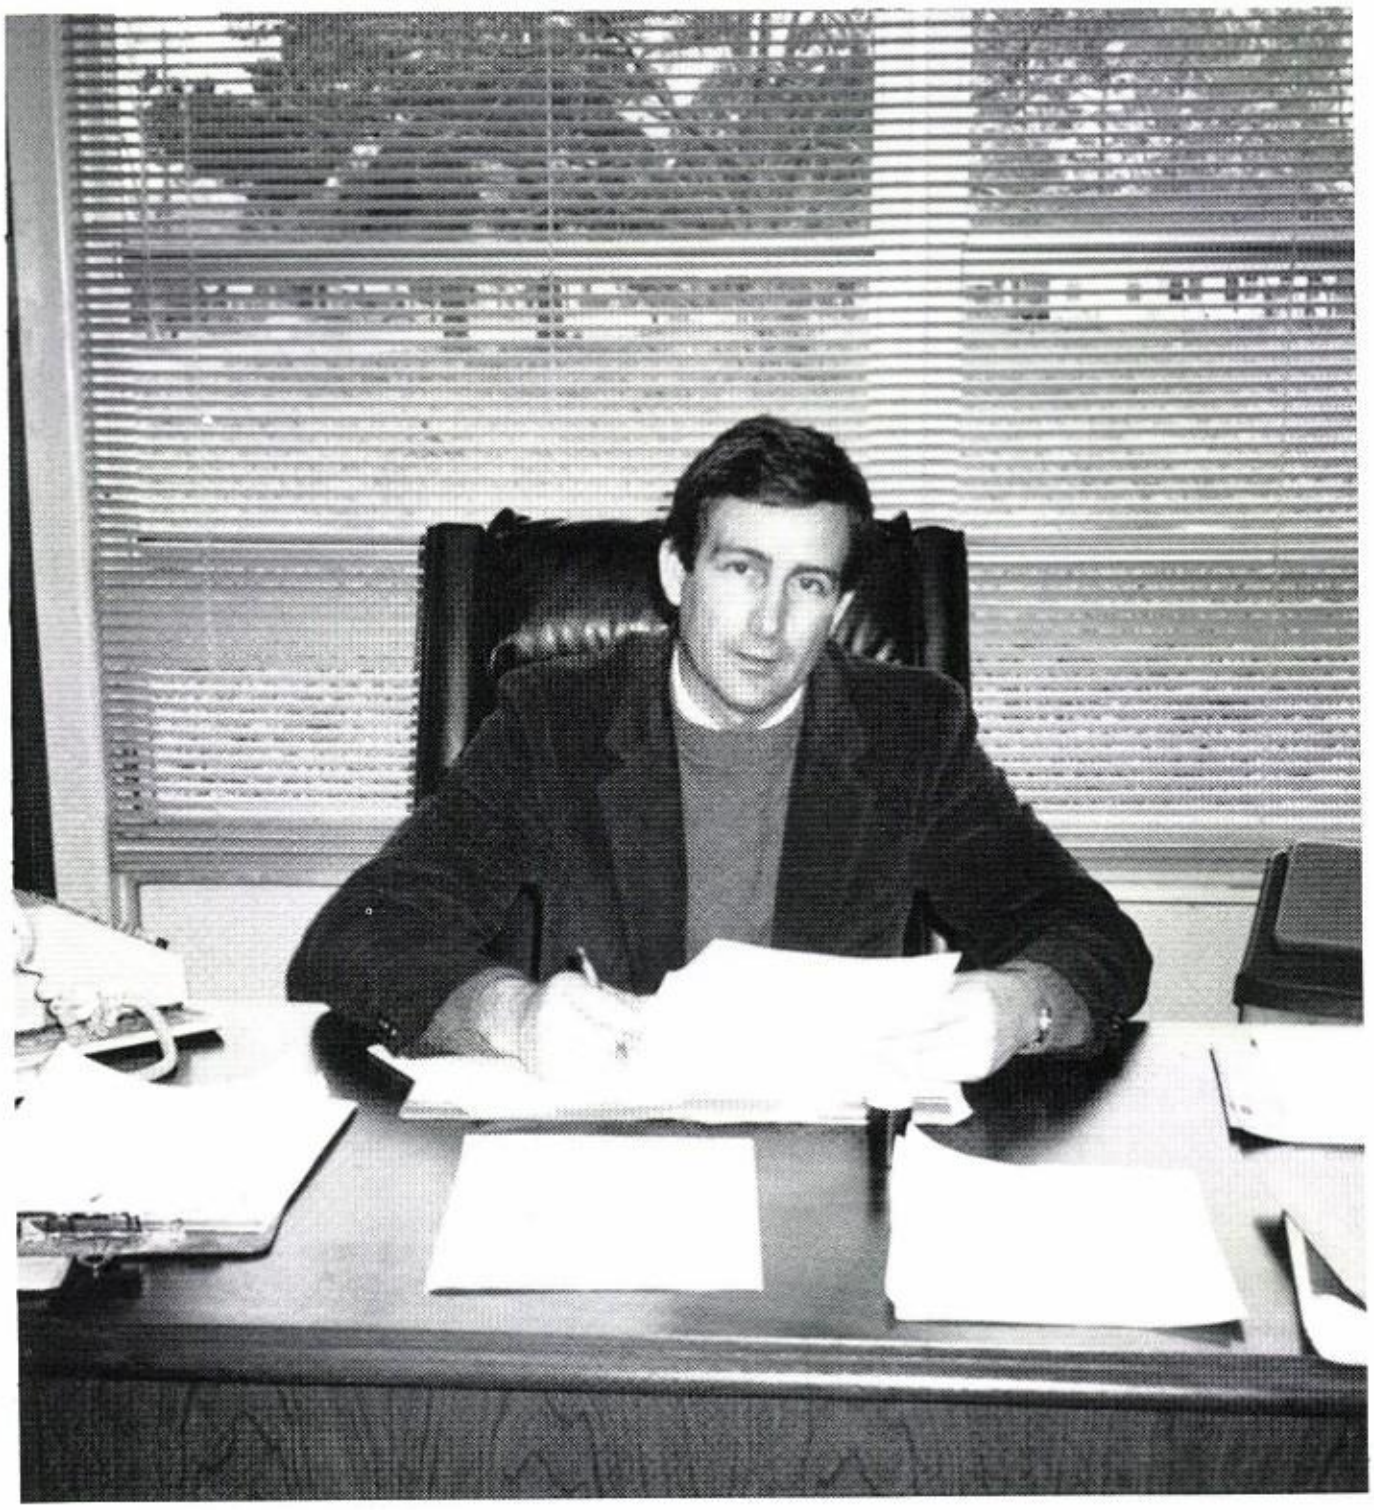
ADMINISTRATION



Mr. Billy E. Crawford, Principal

These are exciting and productive times in the history of Anacoco High School. AHS is presently engaged in unparalleled growth. This fact increases the workload of everyone but it fosters a keen sense of accomplishment in serving people, also. I want to thank the yearbook staff and yearbook sponsors for selecting *growth* as the theme of the '85 CHIEF. Growth is so positively characteristic of the progress our school has made recently.

The cooperation of the entire school staff and school community has been a blessing to me. I shall always be grateful to everyone.

Thanks again,
Billy E. Crawford
Principal

It is with great pleasure that I commend you upon the publication of an outstanding yearbook such as this. The events you have recorded in this yearbook are an indication of your pride in your school, your accomplishments, and in each other.

The hard work and long hours have have expended are much in evidence as one leafs through this completed project — a treasured book of memories.

I hope this past year has been of educational growth and has challenged you to develop to the fullest possible degree.

I extend to each of you my very best wishes for many years of good health and happiness.

Sincerely,
JOHN C. BURNS, SUPERINTENDENT
VERNON PARISH SCHOOLS

The Yearbook Staff welcomes Mr. W.W. Parker, as our Ward II School Board member. Mr. Parker, served AHS as a teacher, coach, and a principal. He also was supervisor for the Vernon Parish School Board prior to his retirement.

We look forward to working with Mr. Parker as everyone here at AHS strives for improvement in our educational program.

NHS AT WORK

The National Honor Society has been quite busy this year. First, new members had to be selected and new officers inducted. The selection process is based upon scholarship, leadership, service, character and the student must maintain a 3.25 grade point average. The new members are selected by a Faculty Council consisting of Mrs. Fisher, Mr. Piro, Mrs. Matthews, Mr. Parker, and Mr. Goins. Second, the club traveled to Texas to the 1984 Renaissance Festival where they enjoyed medieval attractions. Third, they were fund raising artists by selling cotton candy and snowcones at home basketball games and ribbons, glasses and pins at school and in the community. At present, they are planning their annual trip. Everyone appreciates the work that the National Honor Society does, but no one more than the graduating seniors because at the end of each year, two scholarships are presented.

Those students who qualified at district, competed in the State Literary Rally on April 13, 1985.

AHS finished third, behind Welsh and Rosepine. The contest was extremely close with many of our students finishing high.

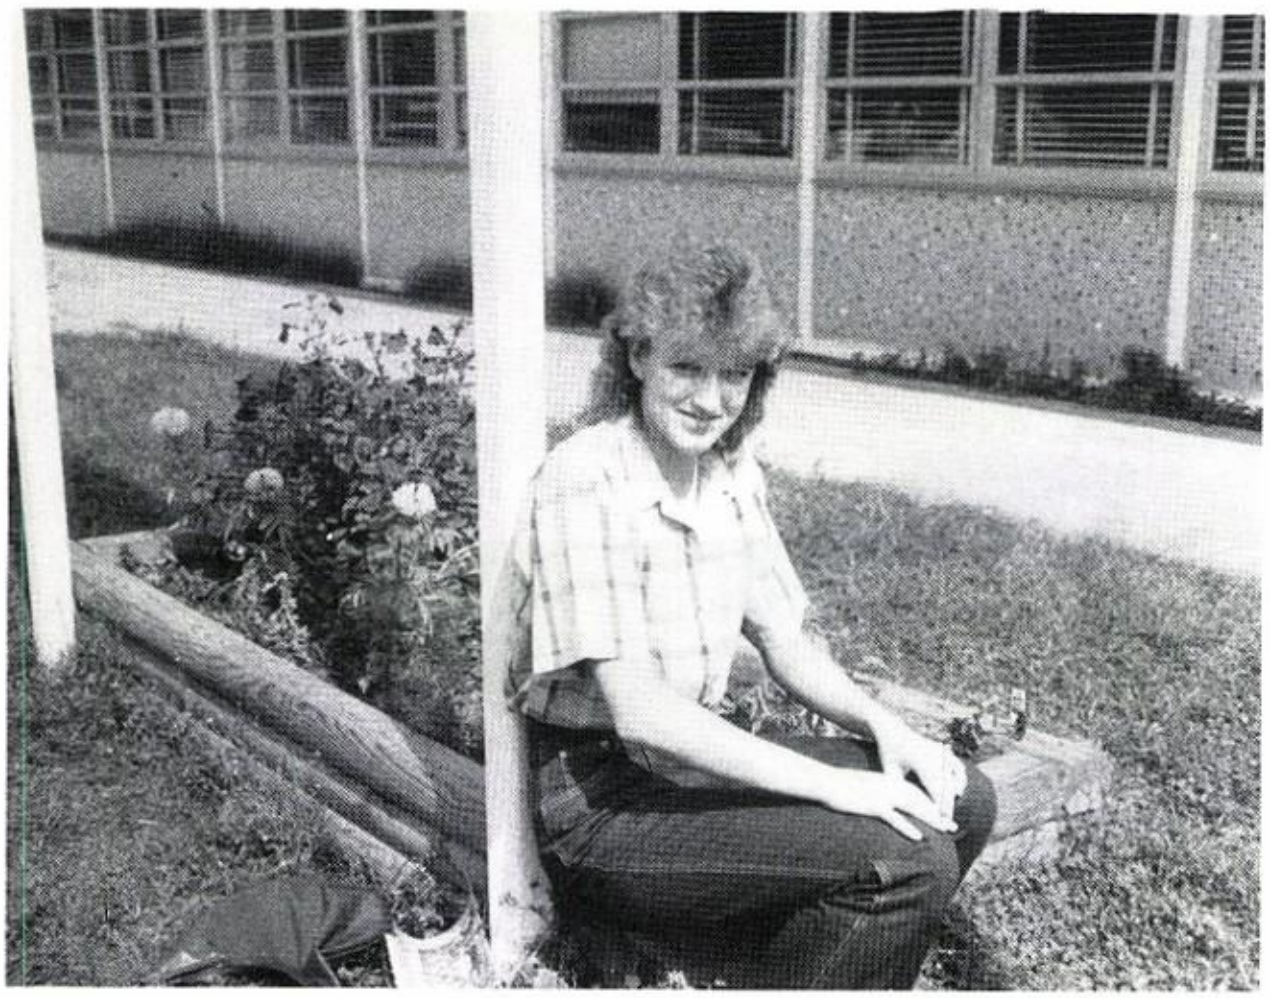
CIVICS IN ACTION

Senator Bryan A. Poston and Donna Burns

Donna Burns was appointed as Page in the Louisiana State Senate by Senator Nunez. Donna was recommended by Senator Poston. She served in both the '84 and '85 sessions at the Legislature, gaining valuable experience. In working directly with the 39 state senators, Donna saw first-hand how state government works.



Lori Martin — Girls State

Pelican Girls State was held on the LSU campus under the sponsorship of the American Legion. Lori participated in a mock situation by joining a political party, running for office, and generally being an active citizen in the make believe city-state. This gave her an opportunity to experience firsthand, how government in adult life is run.

GROWTH IN BUILDINGS

It has been a pleasure developing our theme of "growth" for the 1985 Chief. The yearbook staff has graphically shown a portion of the growth AHS has accomplished over the years.

The dirt work has been completed for the new school complex as of this writing, May 27, 1985. The new buildings will soon become a reality. AHS is on the grow.

Mrs. Glenda Coburn, a graduate of Anacoco High School, was chosen by the Anacoco High School faculty as Teacher of the Year. Mrs. Coburn competed in the Vernon Parish Teacher of the Year contest. She has taught first grade at AHS for several years. Students and parents love Mrs. Coburn for her friendliness and effectiveness while helping students during their formulative years. The Yearbook Staff notes, with deepest regret, the passing of Mr. A.C. "Trigger" Trapp, our meat center director. Mr. Trapp greeted everyone with a cherry smile, a kind word, and was always courteous. Trigger was known by thousands of people as a loyal friend to his country, community and neighbors. Mr. Trapp set an excellent example for students at Anacoco High School. We miss him.

It has been my profound pleasure to spend twelve years as a student and thirty one years as a teacher at AHS. These forty-three years have been filled with a myriad of experiences. The forties were war torn years. The fifties and sixties were interspersed with social upheavals. The seventies included watergate, then came the eighties.

The eighties, while plagued with drug problems, seem to contain some promise of a return to social stability. As your librarian, yearbook sponsor, and social studies teacher, I have worked with many different and complex problems. None were insurmountable, most required patience and determination.

Throughout the forty-three years, attitude, good or poor, has been the key. I suggest that with a wholesome, determined attitude, one can overcome setbacks, disappointments, and illusions. I exhort each of you to set your goals high, put forth every effort, and climb the mountain to personal fulfillment. The view from the top is beautifull.
